

19 May 2008

Dear Parents, / Guardian,

We are very fortunate in being able to offer Early Childhood services to many of our student parents at competitive rates. One of our points of difference is the excellent teacher ratios maintained at both UCSA centres.

The charges in providing this service has remained static for the last few years, but increases in maintaining the centres have now reached a point where we have had to review our current fee structure.

As of bookings for Semester Two (14th July 2008) the following charges will apply:

Students new rate	\$4.50 per hour
New capped rate for students	\$160 per week
Non-students new rate	\$5.50 per hour
New capped rate for non-students	\$185 per week

We look forward to continuing to provide quality care and education for your children at both Ilam and Montana Early Learning Centres.

Kind regards

Nicola Saintey
